4TS14OSS0x1FM
4TS14OSA0x1FM

14,000 lbs. Capacity

- Surface mount or flush mount models with open centre front to rear for easy access to vehicle service areas.
- More steel for more strength. Engineered runway and scissor design for superior stability and rock solid alignment results.
- Heavy duty maintenance-free slip plates shed dirt and water for years of trouble free performance
- Larger 4½" ID hydraulic cylinders lift strongly and smoothly while precision stainless steel transducers maintain consistent side to side level.
- Grease fittings at 20 key points extend moving parts life and lowers maintenance cost.
- Dual safety with velocity fuses and 20 precision cut safety lock positions.
- Adjustable safety lock ladder ensures level alignment surface on uneven floors.
- Oversized UHMW slider blocks for smooth secure lifting, lowering and no maintenance.
- Freestanding operator console or hand held pendant can be located on either driver or passenger side for specific applications.
